

Healthy Native Smiles

Are you currently pregnant?

We want you to be a part of our Research Study!

We are conducting a research study to help improve the health of moms and their infants/toddlers.

You will learn about healthy habits during pregnancy and after delivery for you and your baby including nutrition, healthcare information, and taking care of your baby's teeth.

Your child may have a dental assessment.

You will participate in 7 total sessions starting while you are pregnant up to your child's 3rd birthday.

All sessions will **follow COVID safety guidelines** and take between 1 - 2 hours. You will receive a \$25 gift card each time for completion of each session. A \$50 gift card will be provided at Session 7.

To learn more or sign up to participate, call Gerlinda at 406-404-6946 or register here:
